

Trent Raeburn

raeburn.trent6@gmail.com / 3219465651 / FL

Summary

In a world driven by AI and automated systems I aim to bring fresh eyes and a new perspective to avoid being stuck in a binary monochrome society. Too often, we look at the gears that are spinning and not realizing it is the screws holding things in place.

Education:

University of South Florida - 2026

Tampa, FL

Information Science B.S.
